MISSISSIPPI SHORTHORN SHOW AND SALE

ANNOUNCEMENT

TO OUR FRIENDS AND CUSTOMERS—You have made it possible for the Mississippi Shorthorn Breeders Association to sponsor some of the outstanding sales in the nation. We greatly appreciate your patronage and hope the cattle have served you well.

We are now offering you buyers cattle at our second annual fall sale. The cattle are in their working clothes and ready to go to your farm and pay their way.

Shorthorn cattle are tops. They are “tops” on the farm, either on pasture or in the feedlot. They are “tops” better than 75 percent of the time when they go to market and “tops” at the packers.

And they’ll do a top job for you.

In this sale we will offer cows with calves at foot and rebred, bred heifers and bulls ready for service. There are some top cattle consigned.

The sale is within driving distance of all the Gulf states and we feel that you will be well repaid for your efforts. Mark the date on your calendar and be there whether you are looking for a new herd sire, adding herd replacements, or establishing a new herd.

GUARANTEE

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within four months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifer sold under 14 months of age, all females are guaranteed breeders. Cows with calves at foot are considered breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the buyer. Animals returned for failure to comply with this guarantee shall be in the same physical condition as when purchased. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state into which they may be shipped.

6. Certificate of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Guarantee. The above terms and guarantee shall constitute a contract between the consignor and the buyer of each lot—Neither the Mississippi Shorthorn Breeders Association, the Sale Manager, nor Clerks of the sale assume any liability legal or otherwise.

As a safeguard to prospective buyers, every animal has successfully passed a clear abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

SILVER BEAUTY—This is probably the best heifer that we have ever offered for sale. She is sired by Royfield's Union Jack, the bull that we purchased at the Polled Shorthorn Congress, and is out of a daughter of Burton Mercury. Look her over carefully. We think she is a show prospect.
